

# Slow Stitching, 19<sup>th</sup> century hand piecing – Indiana Medallion

## Supply List

Workshop Fee includes pattern and templates.

### Student Indiana Medallion Fabric Requirements:

- Plain cream Fat 1/8, but if making the whole quilt you will need to have 1 ½ yards
- Fat 1/8 each of six favourite fabrics; choose a variety of tones, colours and prints for interest. This will get you started on this very scrappy quilt.
- Two similar prints for corners of the block. Margaret used two brown/cream prints, which contrast a little. If you're unsure, you don't need to worry about this piece too much as it's the last piece added and Margaret can advise you in class. If you've got something you love, bring a ½ yard of each for the whole quilt.

### General Student Requirements:

- 2B pencil and sharpener or preferred pencils for marking fabric
- Fabric Scissors, needles, pins and thread for hand piecing
- Small cutting mat, sandpaper board or Design Mat suitable for marking fabrics on without slipping.
