

## **QU Goes to the Zoo Quilt Challenge Rules**

QU members are invited to participate in next year's quilt show challenge based on our theme, QU Goes to the Zoo. This theme is meant to express our love and amazement for the animal kingdom in all settings (natural habitats, zoos, unexpected places).

Your challenge quilt should be your interpretation of our theme. Any style or method of quilting will be acceptable. Larger challenge quilts (no bigger than 90") will be hung on individual panels as size permits and smaller challenge quilts will hang together as a collection. Actual layout will be determined after all quilts are registered.

As always, if you are making a quilt using a pattern, or inspired by a quilt created by someone else, please credit the designer or maker in your quilt registration.

Be creative and let your love for animals shine!!
