CHRISTINA CAMELI

Christina Cameli has endeared herself to fans all over the world through her quilting books and Craftsy classes. Christina’s gentle, supportive spirit is equally suited to teaching quilting and her career as a nurse-midwife. As a fabric designer for Maywood Studio and non-stop quilt designer, she is never bored. Christina finds her greatest joys with scrappy patchwork, free-motion quilting and wedge-based piecing. Outside of the sewing room and the clinic, she spends her days with her blended family and rescue lab mix in Portland Oregon, trying to get in an afternoon paddleboarding when she can.
